

# FAQs for Michigan Small Business Restart Program

## MEDC COVID-19 RESPONSE

### Michigan Small Business Restart Program

The \$100 million Michigan Small business Restart Program leverages federal funding through the CARES Act to help reduce the economic impact of the ongoing pandemic on Michigan small businesses and workers. The \$100 million will be administered by 15 local economic development organizations to support small businesses in all Michigan counties. Each organization will receive a base amount of \$3.5 million for grants to small businesses within their areas, with the remaining funding being allocated based on the same model used for the Michigan Small Business Relief Program.

## **Why are Michigan Small Business Relief Program grant recipients ineligible for these grants? And is there an opportunity to amend that?**

This is a statutory requirement of the program that was determined by the Michigan Legislature. The MEDC is charged with executing this program, in partnership with the 15 designated local EDOs, in full compliance with those statutory requirements. While the Restart Grants are modeled after the Michigan Small Business Relief Program, this is a separate and distinct program initiated by the Legislature, with its own set of eligibility criteria and priorities. Changes to any eligibility criteria to the Restart Grants would have to be made through the legislative process.

## **Who is responsible for selecting the businesses to receive funding?**

The local grant award selection process is completely determined by the local EDO. The 15 local EDOs participating in the program include:

1. InvestUP – \$4,545,455
2. Networks Northwest – \$4,545,455
3. Otsego County Economic Alliance – \$3,500,000
4. Target Alpena – \$3,500,000
5. The Right Place – \$9,545,455
6. Lakeshore Advantage – \$3,500,000
7. Middle Michigan Development Corporation – \$3,500,000
8. Saginaw Future – \$3,545,455
9. Flint & Genesee Chamber – \$8,045,455
10. Lansing Area Economic Partnership – \$5,545,455

13. Oakland County – \$11,045,455

14. Macomb County – \$7,545,455

15. Detroit Economic Growth Corporation – \$15,545,450

## **How was the funding allocation formula determined for each EDO?**

The \$100 million in funding is being distributed amongst the 15 EDOs using the same formula as was used for the Michigan Small Business Relief Program with adjustments made to meet statutory requirements that each EDO receive a minimum of \$3.5 million. Factors taking into consideration include:

- Number of counties served by EDO
- Total population
- Estimated small businesses impacted by COVID-19
- Percentage of small businesses located in a geographically disadvantaged area

## **Will grant awards be made public?**

Per the statute, all criteria, as well as application process, program guidelines, reporting forms and the application itself will be available on [michiganbusiness.org](http://michiganbusiness.org). Additionally, each month a report must be provided to the Legislature that includes a listing of grants awarded in the previous month and the name of the recipient of each grant provided under the program.

The MEDC will issue a press release(s) to announce grant awardees and overall impact of the grants, which would include number of grants issued by EDO, as well as jobs retained. A full list of recipients will be posted on [michiganbusiness.org](http://michiganbusiness.org).
