Do you know a family in need of help paying for child care?
The Family Support Program may be able to help.

The Family Support Program (FSP) provides child care scholarships for families who need help paying for child care. Through these scholarships, children access safe and nurturing high-quality child care.

The Family Support Program assists families who are:

- working
- in a job training program
- seeking employment
- going to school
- grandparents raising grandchildren

The Family Support Program may provide scholarship assistance to children ages 0-14 who are in need of care.
