TALENT MATTERS

WEBINAR SERIES

At Flint & Genesee Group, we believe a well-trained and motivated workforce is vital to the growth of our community. To give employers and employees an edge in today's highly competitive work environment, we partner with business training professionals to provide relevant and timely workshops, crafted to meet the needs of workplaces across all industries, sectors and levels of experience.

Nationwide talent shortages are at a 10-year high, with no immediate end in sight and no one-size-fits-all solution. To challenge businesses and organizations to think creatively about the way they develop, attract and retain talent, Flint & Genesee Group is kicking off a new webinar series starting January 25.

Join us each month as we bring together workforce experts to discuss the changing workforce landscape and its pressing issues.

QUARTERLY WORKSHOPS

Workshops – like those on pages 4-6 – are planned on a quarterly basis and cover everything from leadership development to marketing. This option is perfect for employers that have gaps to fill in an already existing training program. It's also a great opportunity to network with other local professionals.

CUSTOM ON-SITE TRAINING

Many of our courses are available to be held exclusively for your organization. This is a great option for organizations wanting to train a larger group at the same time. These workshops can take place on your organization's schedule at your facility or held virtually.

FLINT & GENESSEE GROUP SPEAKERS BUREAU

There is plenty of activity underway in Genesee County and Flint & Genesee Group is right in the thick of things. From nurturing talent to welcoming visitors to luring new business investment, Group executives and staff are available to speak on a variety of subjects at no cost.

Networking is more than handing out your business card. During this workshop, we'll challenge you to go beyond the business card and get to know people. Creating meaningful connections by building relationships based on your interests and goals will not only help you become more successful at your job, but help your organization thrive. This session will provide you with insight and practical tips about what networking is and how to tap into the power of networking in a meaningful and genuine way. It will also help you leverage your local networks to be more strategic in the networking activities that you attend and hold.

Storytime with Eric Hultgren Thursday, February 10 | Noon to 1:00 p.m.

Eric Hultgren has been telling stories since he was 8 years old, and professionally for the last seven years for brands with MLive. Those brands could be the State of Michigan, a local coffee brand, the cannabis industry and everything in-between. The one thing Hultgren has learned throughout his career is that the difference between a good story and a great one is the lens you see the story from. In this session, Hultgren will teach you how he approaches storytelling, how those stories make for stronger brands, and ultimately how stronger brands can lift up and support stronger communities. What makes this different is the engagement – you will be a part of this session and by the end, you will share your story.

Facilitator: Eric Hultgren, MLive Media Group

Cost: \$20 per attendee. Group rates available for teams of five or more.
